DETAILED ACTION

Claim Rejections - 35 USC # 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 9 stands rejected under 35 U.S.C. 102(b) as being anticipated by US Patent #6,244,005 to WALLIN. WALLIN discloses the use of a concrete panel (1) including a means (30) for securing the panel (1) to a footer (9), a plurality of centrally located columnar supports (4,5) having means (6,7,8,38) for reinforcing the supports (4,5), a means (38) for reinforcing the supports (4,5) wherein the means (38) is a rod that is received in a pre-drilled void formed in the footer to allow for attachment to the footer (9), and the means (7,8) facilitate placement of the panels (1) in cooperative connection with the supports (4,5), column 4, lines 10-12, and wherein the means (6) terminate in a straight ended rod member (24). In reference to claim 9, the panel (1) also includes a plate (30A) disposed on the left and right sides of the panel (1), see figure 21.

Allowable Subject Matter

Claims 1,4,5,7,8,15-19,24-33 are allowed.

Response to Arguments

Applicant's arguments filed 7/30/04 have been fully considered but they are not persuasive. Regarding the applicant's argument that the extensions of WALLIN does not end in hooks, the applicant's attention is directed to figures 12,16 and 19 of WALLIN; wherein, clearly the extensions of the reinforcing (6)

Art Unit: 3635

end in hooks (7,8). As far as claim 9 is concerned, there is no requirement for a hook.

In reference to the applicant's arguments that the footer of WALLIN is not a single element, the rejection has been modified to state that the footer is element (9) – a single member.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
